It is a pleasure for The Anaconda Company to prepare and present this booklet to you as a memento of Montana's Thirty-Ninth Legislature. May this session of 1965, in which you are serving in the important roles of Montana's lawmakers, be one of beneficial accomplishments and pleasant associations.

The Anaconda Company is a Montana corporation and among its owners are thousands of Montana people. So you may know us better we'd like to present a few facts about our operations in the Treasure State. In the year of 1964, Anaconda:

- *Provided employment for 9,153 Montana people.*
- *Met a payroll of \$56,358,798.*
- *Paid an additional \$14,089,700 in benefits for our employees.*
- *Paid taxes of \$5,278,762 in Montana.*
- *Paid \$11,605,353 for freight.*
- *Paid \$8,838,589 for electric power.*
- *Paid \$3,158,045 for natural gas.*
- *Paid \$1,710,095 into Social Security accounts for our employees.*
- *Purchased \$42,606,426 in equipment, supplies and services from hundreds of suppliers.*

In 1964, \$143,645,768 flowed from Anaconda's Montana operations into the economy of our state, helping to create large numbers of jobs in other industries, trades and professions, and to generate millions in additional taxes.

Besides normal operating expenses Anaconda has been engaged, for the past four years, in a \$100 million "building-for-the-future" program of new plants and equipment. This is to meet the challenge of keeping Montana metals competitive, and thus enable Anaconda to continue as a major participant in advancing the economy of Montana.
